S. S. SPOKANE GROUND IN NIGHT

Wireless Calls Brought Steamers to Aid—87 Passengers Were Transferred

SHIP FLOATED AT NOON TODAY—RESUMES TRIP

British Steamer Sinks Today Off Yarmouth—Tug Goes Down at Rio de Janeiro

SEATTLE, Oct. 4.—The steamship Spokane, of the Pacific Coast Steamship Company, went aground last night on Vancouver Island, fifteen miles north of Cape Lazo and just south of the narrows. When the Spokane struck during the night, she sent out wireless calls that reached the steamers Latouche and Aiki, which were in the neighborhood. They were soon on the scene, and eighty-seven of the passengers were removed to the Latouche, which was the first vessel to arrive. The others elected to stay with the disabled vessel. No lives were lost. The fact that many of the passengers were left aboard is taken to indicate that the vessel is in no danger of breaking up.

Steamship officials, in the absence of details, believe the Spokane went ashore in a heavy fog, while traveling at slow speed. To strike at the point indicated in the messages the vessel must have been three miles out of her course. The Spokane in July, 1911, struck at Ripple Rock, Seymour Narrows, Vancouver Island, and was run ashore to prevent sinking. Two passengers were drowned at that time.

A dispatch received from the Spokane at noon said: "Have transferred passengers back to the Spokane. Everybody and everything O. K. The Spokane is proceeding under her own steam."

STEAMER GARDANIA SUNK OFF YARMOUTH—17 ARE MISSING

LONDON, Oct. 4.—Seventeen members of the crew of the steamer Gardania, which was rammed and sunk in a collision off Yarmouth today with the steamer Cornwall, are reported missing. Only four were rescued.

TUG SINKS IN COLLISION—30 MEN MISSING; 21 SAVED

RIO DE JANEIRO, Oct. 4.—A military tug was sunk today in collision with the Lloyd-Brazilian steamer "Horbecora." Thirty men are missing and 21 have been rescued.

HORRIBLE WHITE SLAVE CONDITIONS FOUND IN POLAND

CRACOW, Poland, Oct. 4.—For some time past young girls of good families have mysteriously disappeared from Cracow and it was suspected that they had been drugged and sold into white slavery. A few days ago the 15-year-old daughter of one of the most prominent families was discovered in a soldiers' barracks near Rakowice in a frightful condition. Disclosures made by her have resulted in the arrest of a nest of white slaveholders, whose head is a woman of prominence.

Many girls have been drugged, mistreated and sent to outlying army posts for officers, who in turn give them over to the men after tiring of themselves. Disgraced, they never attempted to return.

TRAINS DELAYED BY FIRE NEAR EMIGRANTS' GAP

SACRAMENTO, Oct. 4.—Fire of unknown origin destroyed 500 feet of the Southern Pacific waterbeds near Emigrants' Gap today, delaying trains east and west bound traffic six to nine hours. Volunteers from the surrounding country enrolled to fight the fire. The Southern Pacific estimated the damage to be \$20,000.

DAVIS IN LUXURY IN INDIANAPOLIS

INDIANAPOLIS, Oct. 4.—George E. Davis, arrested in New York, and whose confession revealed alleged dynamite plots involving officers of the International Association of Bridge and Structural Iron Workers, is being held here today in luxurious apartments. He is being entertained by agents of the National Erectors' Association, pending the trial. Davis is receiving \$5 per day from the Erectors' Association.

Saucy "Bid" of New York Mayor To Blankenburg

NEW YORK, Oct. 4.—Acting Mayor Kline is awaiting a reply to his invitation to Mayor Blankenburg of Philadelphia, which read: "On October 7 the New York Giants are going to wipe the polo grounds with the so-called Athletics of your city. Give me the pleasure of having you as my guest. Please let me know as early as possible if you can come."

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Sunday; light west winds.

U. S. White Arsenic Production Increasing
WASHINGTON, Oct. 4.—The United States produced more white arsenic than ever before, according to an announcement made today by the government geological survey. White arsenic is used principally in glass making, and in the manufacture of Paris green, lead arsenic and other insecticides. Imports during 1912 also beat all former records.

30,000 Holy Name Delegates Off to Baltimore
WASHINGTON, Oct. 4.—From four to five thousand delegates to the Holy Name Society parade and demonstration at Baltimore tomorrow have arrived today by special train. The Washington contingent is but a fraction of the number who will participate in tomorrow's demonstration. Thirty thousand Holy Name delegates from all parts of the East and West are expected to take part in the unique protest against swearing.

Indian Commissioner Presents His Resignation
WASHINGTON, Oct. 4.—F. H. Abbott, Assistant Commissioner of Indian Affairs and acting commissioner prior to the appointment of Commissioner Sells, has tendered his resignation to the Secretary of the Interior. It is to be effective immediately.

French Throne Pretender Travels Incognito in Peru
LIMA, Peru, Oct. 4.—Prince Louis Philippe, Duke of Orleans and Royalist pretender to the French throne, arrived here yesterday. He is traveling incognito under the title of Count de Villiers.

Poulet Imitates Pegoud's Aerial Stunts
LILLE, France, Oct. 4.—Lieutenant Poulet of the French army flying corps yesterday followed the example of the airman Pegoud by flying head downward for several seconds in his airplane.

Jockey and Music Hall Artist Admitted to U. S.
WASHINGTON, Oct. 4.—Permission to enter the United States was granted yesterday to Marie Lloyd, music hall artist, and Jockey Dillon, both of England, who were halted at Ellis Island by the immigration inspectors because they had not been legally married.

BOMBS THROWN IN MINING CO. CAMP

BOULDER, Colo., Oct. 4.—Posses are scouring this vicinity for the persons who threw six bombs and fired a volley last night into the camp of strike breakers on the Mitchell Mine Company's property near Lafayette. By a miracle no one was hurt.

Twenty-five men were asleep in the company's boarding house which was demolished when the bombs landed in the stockade surrounding the mine property.

They're Looking and Longing This Way

Here's another illustration of the missionary work the Register's big booster edition is doing:

Gus McKay of Mount Pleasant, Iowa, has evidently received a copy of the edition from some friend in this county and is favorably impressed. He wants to come to Orange County to live and wants some other friends and relatives to come along. So he writes and sends a check, requesting that copies of the booster edition be sent to James H. Gill, Great Bend, Kas.; John Finger, Birmingham, Iowa; B. B. Hughes, Fairfield, Iowa; Roy Beswick, Stockport, Iowa.

"I think of the Orange county boost that will radiate from these towns!"

MISS LIND GOTTENBORN HOTEL JUDGMENT OF \$20,000 IS BURNED TO GROUND

Heavy Damages Are Awarded Explosion of Gasoline Stove Against the Cucamonga Automobileist Starts Blaze, Causing Loss of \$20,000

THE PLAINTIFF IS WELL KNOWN LOCALLY

Permanently Injured in Accident that Occurred Last December

Miss Jenny Lind, formerly of Santa Ana, has been given a judgment of \$20,000 against John B. Gentry of Cucamonga for injuries received when she was run down by Gentry's automobile. Miss Lind had a leg broken in the accident, and the result was that the leg is shorter than its mate, and the girl cannot walk without the aid of a cane.

Miss Lind, a pretty girl, and her mother were well known in the Church of the Messiah here, and in musical circles. She was a protegee of Mrs. James S. Rice of Tustin, who was much interested in Miss Lind's development as a singer. Miss Lind's specialty was Swedish songs.

The judgment was entered in an extra session of the superior court in Los Angeles. The verdict was one of the heaviest of its kind ever returned in Southern California. It is reported here that Gentry, against whom judgment was entered, has little property in his own name.

The accident occurred on December 16, 1912. Miss Lind was passing a garage at 842 South Olive street, Los Angeles. Gentry was driving his car into the garage. He swung into the driveway which crosses the sidewalk, without warning.

Miss Lind's right leg was broken just below the knee and she was otherwise badly injured.

Through her counsel, Frank C. Tyrrell, she sued for \$27,775.

The hotel at El Toro was burned to the ground this morning, causing a loss of \$20,000, partially covered by insurance. The property was owned by Mrs. John Rhoades, who conducted the hotel.

The building stood about 100 yards south of the store. It was two stories high. At the rear was a tank-house and small pumping plant. The hotel was totally destroyed, and the tank-house and tank partially destroyed. The pump was not seriously damaged.

The flames started from the explosion of a gasoline stove in the kitchen about 10 o'clock. Mrs. Rhoades had some articles cooking on the stove, and left it. She had been in the front room with her baby for some time when she heard the explosion. She ran to the kitchen, and found it in flames. The woman rushed to the front room, seized the baby, and ran out of doors, giving the alarm. A crowd gathered, but with a scarcity of water nothing could be done to save the building. A small amount of furniture was taken out.

Mrs. Rhoades valued the building at \$1500. The loss of the furniture and the damage done to the tank and tank-house bring the total loss to about \$2000.

40-FOOT WALL OF WATER SWEEPED DOWN GUADALUPE VALLEY

AUSTIN, Texas, Oct. 4.—Presumably the result of a cloudburst, a wall of water forty feet high was rushing down Guadalupe Valley this afternoon, sweeping everything before it. The floods have already destroyed crops in the Guadalupe and San Marcos valleys.

Seventy-five persons were marooned two miles south of Gonzales. Two boat loads of provisions have been sent to them.

100 VARSITY AND COLLEGE FOOTBALL TEAMS PLAY

NEW YORK, Oct. 4.—Eastern and western college and university football teams to the number of nearly one hundred today are playing. The East has had a week's start of the West. Many teams in the West are opening their season today, notably all but three members of the Western Conference. Pennsylvania will today strive to wipe out the defeat by Lafayette last year. Another Eastern game of interest is that between Yale and Maine, the latter team having met Harvard last Saturday.

POINCARÉ LEAVES MONDAY FOR SPAIN

Spanish-French Alliance May be Object of Visit—Lives of Rulers to be Guarded

PARIS, Oct. 4.—President Raymond Poincaré will leave here for Madrid Monday, where he will pay an official visit to King Alfonso lasting three days. The Spanish monarch was the guest of the French president last spring.

It is believed that Poincaré's visit to Spain means more than appears on the surface, and rumors of a French-Spanish alliance are heard in diplomatic circles. Significant speeches have been made by the French Foreign Minister, Stephen Pichon, and the French Premier, Count de Romanones, and both French and Spanish newspapers are openly advocating closer relations between the two countries.

Special arrangements have been made to protect the French president from the time he crosses the border, as rumors have been rife that European anarchists have laid detailed plans for an attempt on the lives of Poincaré and Alfonso.

SEES OWN STATUE

Gen. Castleman, Once "Morgan Raider," Today Saw Statue of Self Unveiled

LOUISVILLE, Ky., Oct. 4.—General Castleman, one of the famous "Morgan Raiders," whose life was saved by special order of President Lincoln after his capture for attempting to liberate Confederate prisoners at Camp Douglas, and who lived to wear the blue and fight for the Stars and Stripes in Cuba, today saw a statue of himself unveiled. He is one of the less than half a dozen Americans who ever have seen statues erected to themselves for "bravery on the field."

Gen. Castleman is 72 years old and in excellent health.

TARIFF BILL IS NOW UNITED STATES LAW

Wilson Signed Bill Last Night—Made Speech of Gratitude—Appeals For Currency Law Next

WASHINGTON, Oct. 4.—Surrounded by representatives, senators and members of his cabinet, President Wilson signed the administration tariff bill at 10 minutes after 9 o'clock last night. It became effective as a law at midnight. Immediately after signing, President Wilson expressed his gratification over the enactment of the measure thus:

"I have a very peculiar pleasure in what I have just done by way of taking part in the completion of a great piece of business. It is a pleasure which is very hard to express in words which are adequate to express the feeling, because the feeling that I have is that we have done the rank and file of the people of this country a great service."

"I have had the accomplishment of something like this at heart ever since I was a boy, and I know men standing around me who can say the same thing—who have been waiting to see the things done which it was necessary to do in order that there might be justice in the United States. And so it is a solemn moment that brings such a business to a conclusion, and I hope I will not be thought of as demanding too much of myself or my colleagues when I say that this great act is, in the accomplishment of only half the journey."

"Business Set Free"

"We have set the business of this country free from those conditions

which have made monopoly not only possible, but, in a sense, easy and natural. But there is no use taking away the conditions of monopoly if we do not take away also the power to create monopoly, and that is a financial rather than a merely circumstantial and economical power. The power to control and guide and direct the credits of the country is the power to say who shall and who shall not build up the industries of the country, in which direction they shall be built and in which direction they shall not be built."

"We are now about to take the second step, which will be the final step in setting the business of this country free. That is what we shall do in the currency bill, which the house has already passed and which I have the utmost confidence the senate will pass much sooner than some pessimistic individuals believe."

100,000,000 WORTH OF GOODS AWAITING REDUCED DUTIES

WASHINGTON, Oct. 4.—In bond and in ships lying outside various United States ports with cargoes ready to take advantage of the reduced rates of the Underwood-Simmons tariff law, the treasury department estimates there are goods and merchandise valued at \$100,000,000. From the moment the law becomes effective all merchandise will be subject to assessment under the rates of the new Democratic tariff.

NEW TARIFF LAW ROOSEVELT OFF EFFECTS WILL BE SLOW

Stocks Bought Under High Tariff Will Hold Living Cost Up for Some Time

WASHINGTON, Oct. 4.—Congressman Underwood warned consumers today they must not expect the lower duties which go into effect today following the passage of the tariff bill to have much effect on the cost of living for several months, perhaps a year. He said:

"The goods the merchants have on their shelves now were bought on the high tariff basis. Only competition which the new law must cause will bring prices down. Until the merchants have disposed of their present stocks, naturally they will not be disposed to accept the new order of things."

"The same is true of manufacturers. The effect on the wool tariff will not be felt until March. The full effect of the reduction on sugar will not be felt for three years."

Best Tariff Law Since War

Secretary Bryan said today: "October 3rd marks an epoch in the economic history of this generation. We now have the best tariff law since the civil war. I am confident this country will be able before long to celebrate a second triumph in the passage and signing of the currency bill."

Solons to Loaf Awhile

Despite the president's demand for immediate action on the currency bill both houses prepared to loaf today. The leaders asserted that they are planning frequent three-day recesses while the senate banking committee is studying the Glass-Owens bill.

INDIANAPOLIS IN LUCK—DEPOT BURNS

ST. PAUL, Minn., Oct. 4.—The old union depot was destroyed by fire today with a loss of \$250,000. Eight immigrants narrowly escaped with their lives. The presidents of the various railroads centering here announced that work would immediately commence on a new ten million dollar depot.

LANE FURNITURE STOCK IS BOUGHT BY HORTON-SPURGEON

The Horton-Spurgeon Furniture Co., corner Spurgeon and East Fourth streets, has bought the entire stock of furniture in M. L. Lane's store on West Fourth street. The stock of goods invoiced at \$11,000, and in quality is one of the best furniture stocks in Santa Ana.

The stock will be moved by the purchasers to the Horton-Spurgeon store on East Fourth street and added to its splendid stock.

Horton-Spurgeon Co. has leased the

RESCUED OUT OF LIVING TOMB

Thomas Toshesky Reaches Earth's Surface After Eight Days' Imprisonment

BURIED UNDER 80 FEET OF SOLID ROCK AND COAL

Affecting Scene as Saved Man's Wife Met Him in Underground Chamber

CENTRALIA, Pa., Oct. 4.—Thomas Toshesky, miner, was released from an underground chamber in the Continental coal mine at 7:25 o'clock today after eight days' imprisonment, caused by a cave-in in the mine. Toshesky's rescuers displaced eighty feet of solid rock and coal in order to reach him.

As his rescuers broke into Toshesky's little chamber, he gave a shout and staggered toward them and fell unconscious. Mine Inspector O'Donnell raised him tenderly and physicians quickly applied restoratives. He quickly revived and as he recovered, Toshesky's eyes met those of his wife. In an instant the two were clasped in each other's arms, the woman crying and praying with joy.

The miner's hair was streaked with gray as a result of the trying ordeal through which he has passed. With slight assistance from his wife and Inspector O'Donnell, Toshesky reached the earth's surface, entered a waiting automobile and was driven home. Physicians say Toshesky is in a much better physical and mental condition than they had expected and expressed the belief that he will be in sound health within a few days.

When Toshesky reached the earth's surface blue glasses were instantly placed on his eyes to prevent the glare of the sun from injuring them. Scores of persons waited at the mine throughout the night to see the rescue. The final shift of workers began digging at 11 o'clock last night. They were to be relieved at 7 o'clock this morning, but realizing how near they were to the end of the task they asked permission to finish it.

Five Days Without Food

For five days the imprisoned man was without food, subsisting on tobacco, as he told the rescuers. Last Tuesday night a tube was forced through the barrier from an adjoining chamber and a small quantity of liquid food was sent down to him. Later came a change of clothing, blankets and rope, from which he wove a hammock in which to sleep.

Wife Accompanies Him—Will Make Scientific Research in Southern Jungles

NEW YORK, Oct. 4.—Col. Roosevelt sailed for South America today in search of a new race because portions of his speech given at a Progressive banquet last night, which he decided to withhold at the last minute, were printed in the morning papers. In them the Colonel admitted that there would be no Panama canal if he and his advisors had not "taken Panama."

They also bitterly criticized the Mexican policy of the administration.

The colonel's party included Mrs. Roosevelt, Mrs. Margaret Roosevelt, Secretary Harper, Naturalist Anthony Fiala and Cherry Miller, and Rev. Father Zahm, of the Provincial Holy Order.

The party sailed in the steamer Van Dyke. Mrs. Roosevelt and Mrs. Margaret Roosevelt will return with the Van Dyke. Col. Roosevelt's last message was:

"We go to carry our brothers in the South a message concerning the ideals of the new era of democracy which has come into being among us here."

The party will reach Rio Janeiro October 21. A tentative itinerary given out today was that the party will reach Sao Paulo Oct. 25 and Buenos Ayres Nov. 4. At these places and at Valparaiso and Santiago, Chile, the colonel will make speeches. From Santiago the party will strike into the interior of South America on a jaunt somewhat similar to the famous African jungle trip on which Roosevelt embarked immediately after turning over the White House reins to President Taft four and a half years ago. Colonel Roosevelt will bring back much data for the American Museum of Natural History. The party expects to return next spring.

EPISCOPALIANS IN RECORD SERVICE

4000 to Receive Communion at New York Cathedral of St. John the Divine

NEW YORK, Oct. 4.—Bishop Moreland, of Sacramento, Calif., and Rev. Dr. Powell were scheduled as the leaders of exercises which this morning preceded the formal business sessions of the 1913 national convention of the Brotherhood of St. Andrew, which opened here Wednesday. Four thousand delegates are attending from every section of the United States. A mass meeting for boys, a conference for the clergy presided over by Bishop Lines, of Newark, sectional conferences, Bible class meetings and the mapping out of special campaigns were on this afternoon's program.

Tonight all details will be completed for the annual Corporate Communion tomorrow when the largest number ever to receive communion at one service will take part. More than 4000 will receive communion at the Cathedral of St. John the Divine tomorrow. Very Rev. E. S. Rousmaniere, of Boston, Mass., will be in charge of the Corporate Communion arrangements tonight.

OLDRICH'S DISCHARGED

NEW YORK, Oct. 4.—Monstrous Freschi apologized to Herndon, Oelrichs and discredited him.

Incident was a sequel to Miss Lucille Singleton's admission that her story that the young millionaire stabbed her was pure fiction.

WIFE WHO SLEW HIM IS GLAD—DOES NOT FEAR PEN

LOS ANGELES, Oct. 4.—"He abused my daughter. I am glad he is dead; he deserved it. I don't care what they do with me."

This was the statement of Mrs. Edith M. Ivy when told of the death of her divorced husband, whom she shot Tuesday. "I have no regrets," she continued. "A penitentiary or a death sentence are alike to me."

SLAYER OF 16 SAID TO BE SANE

Experts Examining A. Wagner, German Murderer, Say He is "Emotionally Dead"

BERLIN, Oct. 4.—Sane and responsible, but "emotionally dead," is the verdict of physicians, mental experts and psychologists who have examined A. Wagner, the murderer of sixteen persons at Mulhausen. Wagner was a school teacher, and during the first week in September cut the throats of his sleeping wife and four children, set Mulhausen in flames at night and then opened fire with two automatic revolvers on the scantily clad villagers as they fled from their burning homes.

Experts declare Wagner's mental condition as not abnormal, but that he is "dead to all feeling and emotion." They compare him to the McNamara brothers, who confessed to a series of dynamite attacks which culminated in the blowing up of the Los Angeles Times with a big loss of life, and with Mrs. Guinness, the "female Bluebeard" who conducted the "murder farm" in Indiana.

As a result of this expert opinion that Wagner is sane and was sane when he committed his crimes, he will in all probability expiate them on the headsman's block, in sharp contrast to the punishment meted

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN
A Certain Relief for Fevers, Coughs, Croup, Whooping Cough, Sore Throat, Teething Disorders, and Diarrhea. It is a safe and reliable remedy for all these ailments. It is a sweet and pleasant powder, and is easily absorbed by the system. It is a must for every mother's medicine chest.

out to the McNamaras. Wagner is placed in the category of "those whose souls are dead." Glimpses into the working of his mind are given by those who have examined him. Wagner has no regrets and does not feel at all sorry for what he has done. He regrets only that he could not have first "finished off" his brother's family of nine persons, which he had carefully planned and for which purpose he had secreted 300 cartridges in his brother's stable. He had first gone through his brother's house, noting carefully where each member of the family slept. He finally decided, he says, to start with his own family, and then "get as many as he could" in Mulhausen, and finish up with his brother's family. His capture by the villagers prevented him from carrying out the rest of his plan.

Wagner, like the Rev. Father Hans Schmidt, Roman Catholic priest, who dismembered the body of Anna Ammueller while she was still alive and then threw the parts in the Hudson river, declares that "there are too many people in the world who ought not to be here." Like Father Schmidt, he declares "it were better that half the people in the world were killed off." He calls himself a "pessimist," and professes to belong to the "school of pessimism" of Schopenhauer and Nietzsche. Wagner's trial is to be called in a few weeks.

SANTA ANA EAGLES ATTEND FARM DANCE

LONG BEACH, Oct. 4.—The Fraternal Order of Eagles of Southern California enjoyed a reunion in this city Thursday night, when 2000 members of various lodges in this part of the state participated in an old-fashioned "farm dance" on the floor of the municipal forum.

Arriving on special trains and cars from San Pedro, Ocean Park, Los Angeles, Venice, Santa Monica, Redondo, Anaheim, Santa Ana, Watts, Pasadena, Pomona, Riverside, Redlands, San Bernardino and Alhambra, the guests froned in line, and with bands playing and torches alight marched the full length of Pine avenue to the forum, where the dance took place.

WILL REVISIT HER NATIVE COUNTRY

Queen Elena's Health Undermined by War Ravages in Montenegro

ROME, Oct. 4.—The Quirinal officially announced today that King Victor Emmanuel, Queen Elena and the four royal children will leave early in the present month on the royal yacht Yela, for a visit to Cetinje, the capital of Montenegro. The visit, it became known today, is being made in the hope that it will restore the health of Queen Elena.

Since Montenegro first started the hostilities a year ago which brought about the bloody struggle in the Balkans, Queen Elena, who is the favorite daughter of King Nicholas, is known to have suffered terribly. Practically every day reports were received by her not only of the terrible losses of the Montenegrins in actual war, but also reports of the intense suffering which resulted to the entire population from the famine and pestilence entailed by the struggle.

Only two hundred miles from her home, and surrounded by all the luxuries of the Italian court, Queen Elena, because of the neutral position taken by Italy in concert with the other powers, was not allowed to extend to her countrymen any aid, even from her own personal income. The Queen is declared to have been greatly affected. A few months ago she was sent to one of the Italian watering places near Naples in the hope that it would cheer her up.

This having failed, one of her sisters from the Montenegrin court was called to Rome to stay with her. The descriptions her sister gave her, how-

ever, of the terrible conditions in which the Montenegrins have been led by the war, are declared only to have added to her mental anguish, and the moment the war was ended she insisted on the trip to Cetinje at the earliest possible moment.

The Yela will be completely loaded with supplies for the Queen's suffering countrymen. The Queen herself personally ordered and paid for the supplies, which consist of food and clothing and medical supplies. The four royal children also have been permitted to make generous contributions, and upon their arrival in the Montenegrin capital they will be permitted to personally distribute their offerings.

NO PRESENT DANGER IN USING BUILDING

Building Inspector-City Engineer S. J. Finley of Santa Ana was called to Orange to examine the Center street school building, which some of the patrons feared had become unsafe. The Santa Ana expert's report follows:

"Mr. Chas. C. Smith, Secretary of the Board of Education, Orange, Cal.: 'Dear Sir: In response to your request I have examined the lobby of the Center street school building in your city, with particular reference to the strength of the second floor construction to carry the load that might be expected to be placed upon it. I did not cut into the floor or walls to determine the size of the timbers, but judging from the information given me by the contractor who constructed the building and from personal observation of floor vibrations during a fire drill, I am satisfied that there is no present danger from using the building as it is.'

While there are cracks showing in the plaster it does not necessarily indicate that there is any unusual weakness at any point, but rather that the construction did not provide against vibrations that cause such cracks."

HOW THE WELL ON THE ZIMMERMAN RANCH WAS SAVED

Mr. W. H. Zimmerman is happy over the saving of the well on his ranch on Irvine Boulevard about half a mile east of Newport road.

Last year Mr. Zimmerman put down an old-style well 250 feet deep and struck a fine flow of water. But sand trouble soon developed and continued until it threatened to put the well out of business.

The sand was so fine that it came into the casing with the water and filled it rapidly. The ordinary method of sand-pumping failed to clear the well.

Finally M. R. Shipley of the Layne & Bowler Corporation, advised rotary pumping, which proved successful in clearing the well. It was then "mudded" up—that is, mud was pumped into sand to compact it and keep it from refilling the casing.

After this a Layne & Bowler screen fine enough to exclude the sand was put in, the mud compact broken up, and a fine flow of from 50 to 60 inches was secured.

The well was practically a failure, but the Layne & Bowler screen saved it.

Although this is an advertisement, it is a simple and instructive statement of facts.

SEVENTY TONS OF WATERMELONS FROM A FIVE-ACRE TRACT

Garden Grove News: J. Henry has shipped 70 tons of melons from his five acre tract. They went to Long Beach and San Pedro. He has several acres set to oranges a year old which are looking well. Mr. Henry remarked the other day that he could make a better living and more profit from his six and a half acres here than he used to do from 320 acres in western Kansas, without any more effort. He is a hearty believer in the small tract well cultivated.

G. W. Barnes is maturing a bean crop which will be ready for harvest in three weeks. There are sixteen acres of the black-eyes. A barley crop worth \$400 was raised on the land this year before the beans were planted. The beans should produce something like sixteen sacks to the acre. Another illustration of what this section will do for a man who knows how.

E. R. Maerhan is maturing twenty-five acres of chili peppers on his ranch near the city. The crop is excellent. None of it is being shipped and sold green, but the entire yield will be dried. There will be about a ton to the acre. Mr. Maerhan has been located here only a short time, but is having good success.

F. B. Cleveland has just finished threshing his sixty acres of beans. The yield averaged 12 sacks to the acre, and was about the same as last year. Like other growers he found that his crop was injured by the hot weather in the summer, but all things considered the crop was entirely satisfactory.

S. Oertley has disposed of his five acre place on the Orange road and will move to Garden Grove this week. He took in the deal an acre place just north of the Oertley place and across the road from E. A. Preston's place, and will live there.

Contractor Woodside is lowering Fred Andres' pumping plant pit to a depth of 50 feet. The work had proceeded on Monday to a depth of 100 feet. It is expected that there will be no difficulty in reaching the desired depth.

A. H. Gleason has sold his cottage at Newport to Cashier Butler of the First National Bank of Los Angeles.

A Land of Opportunity

Humboldt County, the least developed in California, presents splendid opportunities to investors and homeseekers. Men and money are needed for dairying, small fruit growing, truck farming, general farming and apple raising. A country of wonderful resources and ideal climate into which the first railroad is now building. All inquiries promptly answered by the Humboldt Promotion and Development Committee, Eureka, Calif.

TAKING TOLL OF BABIES

Each season of the year takes its toll of the babies, and to watch and safeguard them from common colds and coughs is a matter of importance to their parents. To keep Foley's Honey and Tar Compound in the house and use it promptly is to save the little ones from the serious effects of these colds, to ward off croup, bronchial coughs, hoarseness, stuffy, wheezy breathing and violent coughing spells. It is absolutely free of opiates and may be given to the little ones with no fear of harmful results. Refuse substitutes. Rowley Drug Co., White Cross Drug Co.—Advertisement.

WOMEN WHO GET DIZZY
Every woman who is troubled with fainting and dizzy spells, headache, weakness, debility, constipation, or other troubles should use Electric Bitters. They give relief when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura Gaines, of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good." Just try them. One and \$1.00 at all druggists or by mail H. E. Bucklen & Co., Philadelphia or St. Louis.

Night School opens September 1 at Orange County Business College.

FURNACES

The nights are beginning to get a little chilly and makes one think about how to heat the home this winter. The best way to heat the house all over is with one of our Menlo Furnaces. We have had several different makes but find this to be the most economical and gives the best satisfaction. We put in about

Fifteen Last Winter

Our men are now busy putting them in several new houses and if you would like to see one or would like to find out about the cost, come in and we will be glad to tell you all we can.

Automobile Opportunity

THE manufacturers of a high grade, well-known and well established automobile are about to place upon the market a light car bearing their well known name plate, and at a MEDIUM PRICE.

This car will be absolutely the highest grade, most luxurious automobile ever produced at anywhere near the price.

This car will create consternation in automobile values, and unquestionably will be the strongest selling line of the 1914 season.

Agency contracts are now open for towns in Southern California. If you want to get into the automobile business and handle a real money-making car that will lead everything in its class, let us hear from you.

Here is an opportunity for a good live wire with small capital to form a connection with one of the strongest automobile houses in California. All communications treated as confidential.

COLLEGE BOYS LEAD MEETING

Y. M. C. A. to Conduct Revival
at Talbert Church Beginning October 10

TALBERT, Oct. 4.—Mr. R. J. Hamilton, Sec'y of Orange County Y. M. C. A., announces that on next Friday night, Oct. 10, he will have eight young men from Occidental College here to hold a series of meetings at the local church. These young men will be under the leadership of Bruce McDonald, a Y. M. C. A. worker of wide reputation. The first meeting on Friday night will be a scenic bake on the church grounds. At this meeting they will sing songs and have short speeches from all the fellows and get acquainted with all the people.

On Saturday afternoon there will be a ball game between the college men and a selected nine. Saturday night will be another meeting at church for men and boys only. These men will have charge of the Sunday morning and evening services.

It is hoped that the coming of the men to Talbert will be the beginning of a great moral and spiritual movement for the good of the community. These meetings are being well advertised now.

News Notes

Thursday night the Epworth League gave an ice cream supper at the Japanese hall. A good crowd was present and enjoyed the songs and games.

Mrs. S. E. Talbert is spending this week with her mother, Mrs. Thurman, who is very sick in Los Angeles.

Joe Parsons went duck hunting last Wednesday. He reported a good time and good luck.

Mrs. H. W. Mathews received a message last Tuesday from her brother, John Shaw, at Upland, telling her of a very serious accident that happened to him by a fall. Mrs. Mathews went to see him Wednesday and returned the same day.

S. E. Talbert has a contract for a month's plowing near Westminster with his Caterpillar engine.

Mr. and Mrs. Sam Clapp went to Los Angeles last Tuesday.

Mrs. Hogan of Los Angeles is spending the week with Mrs. M. A. Nimmo.

Mrs. Ralph Sanders of San Jose and her mother, Mrs. A. G. Burns, visited Rev. and Mrs. A. B. Waldrep last Tuesday.

BISHOP APPOINTED DEPUTY INSPECTOR BY COLLEGE DEAN

County Horticultural Commissioner Bishop has been notified by Dean Hunt of the college of agriculture of the state university that Bishop has been appointed a deputy inspector of insecticides and fungicides for Orange county.

In respect to sprays, insect killers, ant pastes and other chemical compounds sold as pest-destroyers, Bishop will have the same authority that a deputy pure food inspector has in regard to food-stuffs. Bishop may go into a drug store, buy a sample of a death-to-beans preparation, send it to the state laboratory and learn if it is what it pretends to be. If a man is spraying his trees, Bishop will have the "dope" examined to see if the orchardist is getting what he is paying for. The office provides no remuneration.

GANG OF MEN AT WORK CLEARING ON THE RIGHT-OF-WAY

This morning a big gang of men and about twenty teams began the work of clearing the right-of-way for the Pacific Electric extension to Orange.

The men are at work cutting down walnut trees on the strip through the Dr. Medlock walnut orchard on North Main street.

It is believed that electric cars will be running into Orange within six weeks.

STILL WORKING FOR PAVING LOWER ROAD

BREA, Oct. 4.—Another road meeting was held in the La Habra school house on Wednesday evening by the advocates of what is known as the lower road or Central avenue. Since the State Highway Commission decided in favor of the upper road, the

property owners along Central avenue have been working to try and get the proposed bond issue to cover the lower road, which goes through the town of La Habra. The Highway Commission gave as their reason for choosing the upper road the fact that only one turn would be needed on that road, whereas three would be necessary on the lower route.

DECLARES THAT HAHN
RAN AUTO INTO HIS

The Overland automobile concerned in the collision at the corner of Main and Twentieth streets Thursday night was driven by Edward Williamson of Villa Park. Williamson says that Hahn, driver of an Orange auto stage, ran into him, not he into Hahn. Both machines were slightly damaged.

Never so well and happy since wearing our comfort glasses, says a prominent woman. Dr. K. A. Loersch, Eye-sight Specialist.

THE HIGH COST OF MILK

Formerly all the consumer asked of his milk pail was that the fluid be white with a cream line, and of a good cowy taste, (the latter mostly due to dissolved cow manure). In many places milk was sold for five cents a quart.

As 50,000 babies die annually from contaminated milk in the United States, the campaign for cleaner production is popular. But laundry work, cleansing of barns, and steadily rising cost of feed make milk cost more. Prices of eight and nine cents a quart are now common throughout the country and in this section even higher prices prevail.

The short corn crop promises to increase the cost of production next winter. In many places contractors talk higher prices. No necessity of life has advanced more in price than milk.

Is it inevitable? The New Jersey experiment station's recent studies figure the cost of milk production at only about four cents a quart. The big item in the milk bottle is not so much feed or farm help as distribution. If a dozen milk carts traverse a single street, there is lost and duplicated motion. Probably a single company, under strict public control, could do it cheaper.

Some of the new dairies are costing \$1000 per cow. Six per cent on \$1000 is \$60, as much as the gross receipts from some cows. Some men, naturally cleanly in their habits, though operating an old fashioned equipment, will produce milk that will test up better than a finely equipped dairy that is poorly supervised. The inspectors need a lot of common sense. Experts say clean milk can be produced in plants costing \$1500 to \$2000. Under scientific and efficient distribution the higher prices would be unnecessary. But the day of careless, unregulated production has gone by. It has caused infinite loss through disease epidemics. Milk produced in this way is the most costly of all.

Editorial Edibles

The Governor of Tennessee doesn't know when to let well enough alone. He has called his legislature to meet in special session.

In Canada much importance is attached to the fact that whatever Harry Thaw's failings in other directions may be, he does not play penny ante.

Now it is proposed to make the life boats on the liners of much greater size—each capable of carrying 250 persons, being partially decked over and driven by gasoline. Sacrifice of romance for safety in this manner will be generally approved.

The Production of an Income

As long as you depend upon your pay envelope for your income, you are missing one of the opportunities of your life. Make it your ambition to have an income that will go on regardless of your pay envelope. Your first and best move in this direction will be the maintenance of a savings account at the Orange County Savings & Trust Company.

subject of the sermon in the morning and "Flinchy Excuses" in the evening. The pastor will preach at both services. Please note that the evening service will begin at 7 o'clock instead of 7:30 as heretofore, and the Intermediate Endeavor Society will begin at 6 o'clock. Sunday school at 9:45 and morning service at 11 a. m. as usual.

Miss Hester Billingsley, a pupil of both Mr. William Shakespeare of London and Mr. Frances Stuart of New York, will sing Wm. Spenser's setting of "The Lord is My Shepherd" at the morning service.

First Christian Church
Corner of Sixth and Broadway.
Bible school begins promptly at 9:45. The morning worship and communion is at 11 o'clock. The pastor will speak at the morning hour upon the subject, "What is Your Life?" In the evening service he will speak from the subject, "The Hardest Words in the Bible." A cordial invitation is extended to all to meet and worship with us who have no other church home. Miss Witt will sing at the morning service and Mrs. Shepherd at the evening service.

Mrs. Jno. Cason of Pomona, state president of the C. W. B. M. for Southern California, will speak Wednesday afternoon to the ladies of the Missionary Society and their friends. She is a pleasing and very interesting speaker.

This church is getting ready for a series of revival meetings in November. Rev. Bruce Brown will be the preacher for these meetings.

United Brethren
United Brethren will meet in the Gospel Tent, corner Third and Shelton streets. N. J. Crawford, pastor. Sunday school, 9:45 a. m. Preaching, 11 a. m. and 7:30 p. m. Praise service, 2:30 p. m.
Prayer meeting Wednesday, 7:30 p. m. A cordial invitation extended to the public.

Unitarian Church
Rev. Francis Watry, minister.
Sunday school begins at 10 a. m. Morning service at 11 o'clock. Sermon topic: "The Holy Book of Today." No evening service. The church is on the corner of Eighth and Bush streets.

Church of the Messiah
A house of prayer for all people. Rev. Rufus S. Chase, rector.
Twentieth Sunday after Trinity. Church school, 9:45 a. m. Morning service, sermon and Holy Communion, 11 o'clock. Evening prayer and sermon, 7 p. m.

United Presbyterian Church
Sixth and Bush streets. W. L. C. Samson, minister.
Bible school, 9:45. Classes for parents as well as for children. "Moses' Cry for Help" is the lesson subject. The Sacrament of the Lord's Supper administered at the morning service. The "Session" will receive ones confessing Christ at 10:45.

DEACONESS MARY WHIPPLE

DEACONESS WHIPPLE TO AID IN REVIVAL

The revival is now on at the Church of the Nazarene, corner of Fifth and Parton. Since the beginning of the meetings, the attendance from night to night has almost doubled in numbers. Evangelist Elliott is preaching the truth fearlessly and in a spirit of love.

Deaconess Mary Whipple of San Diego is to arrive tonight and from now on will assist in the meetings. There will be meetings tonight, three services tomorrow, and meetings every night next week. There will be an open air meeting tonight at 6:45, corner of Fourth and Sycamore Sts.

Home-Keeping Women Need Health and Strength
The work of a home-keeping woman makes a constant call on her strength and vitality, and sickness comes through her kidneys and bladder oftener than she knows. But if she takes Foley Kidney Pills, their tonic, strengthening effect will invigorate her, and pain and weakness in back, nervousness, aching joints and irregular bladder action will all disappear under the comforting influence of this good and honest medicine. Try them. Rowley Drug Co., White Cross Drug Co.—Advertisement.

UNIQUE SOCIAL EVENT

Prof. and Mrs. McMath Open
Lovely Home With Delight-
ful Party for Faculty

Impressed with the desirability of the members of the new faculty of the high school getting acquainted with each other, Principal and Mrs. E. H. McMath gave a most delightful and unique event last evening for that purpose. The affair served another purpose also. It was really a house warming, being the first large social event given in the handsome new home of the McMaths. With all of the married members of the faculty taking husband or wife, and the presence of Superintendent of City Schools J. A. Cranston and his wife, besides the unmarried men and young women of the faculty, there were half a hundred people present. The living room, dining room and library were thrown together, affording ample room. Sunflowers by the hundreds were used in decoration, achieving a really rich and gorgeous effect.

Wishing to make the affair an informal one, and truly an opportunity for getting acquainted, the host and hostess, after the guests were assembled passed dissected pumpkins, each cut in four pieces. Each guest drew a section of pumpkin and these were matched, resulting in groups of four people, each group being required to prepare a "stunt" to be given later in the evening. Naturally, the four people were instantly possessed of a common interest, thus dispelling all formality. The company was then invited to the back yard which was the stage for the happenings during the rest of the evening. The back yard presented an interesting appearance. Here was a spacious seat on which one sat under a canopy of cornstalks illuminated by a lantern in which glowed a red light. In another spot were masses of sunflowers, while elsewhere were fantastic decorations of cornstalks. Lanterns in abundance illuminated the scene, while the center of attraction was a glorious bonfire. The bonfire was an important adjunct to the joys of the

evening, for by its cheerful blaze "weenies," passed around in the original package, were baked, and delicious marshmallows were toasted. With the "weenies," baked at the end of sticks, sharpened to a nicety by Prof. Eggen and Prof. Hammond, were served hot finger rolls passed to the company in a huge clothes basket; coffee and cream, the latter poured from a rustic looking coffee pot. Dry-goods and soap boxes furnished seats for the guests during the jolly feast. The guests were properly attired for the rustic setting and the out-door frolic, as they had been apprised in the invitations sent them to be "dressed for fun."

After an inconceivable amount of "weenies," marshmallows and coffee, not to mention quantities of apples, had been consumed, the guests were allowed to seat themselves more comfortably, folding chairs having been provided for their sitting during the delivery of the stunts that by this time had been arranged by the various groups. And you may be sure that the diversions offered were clever in the extreme, ranging from readings in Latin and songs in German to original conundrums on agriculture which emanated as "brain leaks" from the intellect of the agricultural department, Prof. Montgomery, greatly to the edification of the company.

A toll was taken of states and universities from which the teachers hailed and it was found that almost every state was represented. College yells were sung and the evening closed with the singing of familiar songs, both old and new, by the crowd. It all culminated with three hearty cheers for the genial host and hostess and their successful "getting-acquainted" party.

Travellers to Meet

Travellers' Club, Number One, will meet on Monday next with Mrs. John L. Dryer, 602 Spurgeon street. The study for the afternoon will be "Japan," this one to be the initiatory lesson.

Santa Ana Choral Society

The members and those interested in the continuation of this fall of the work of the Choral Society are requested to telephone or drop a card to Mr. Alan A. Revill, to the end that a meeting may be called and work started as soon as possible. Mr. Revill has two cantatas and a number of part songs to bring before the society for selection.

Coming "Y" Meeting

An out-of-the-ordinary meeting of the Santa Ana "Y's" will be held next Monday evening at the home of Miss Grace Gephart, 1505 Bush street. This will be the regular meeting, but in addition to the program, there will be a playlet given entitled "Duane's New Regime." Those taking part in the little drama will be Misses Eleanor Egge, Daisy Lewis, Marie Harris, Esther Fluor, Messrs. Russell Rissie, Ralph James, Maurice McElrce.

A second lesson in Civics will be given and a social hour will follow the program. All young people are cordially invited to attend this meeting and enjoy the good things that will be presented.

BIRTHDAY SURPRISE

Pleasant Affair Arranged by
Friends of Mrs. Mitchell
Was Successful

A number of the friends of Mrs. Charles Mitchell, knowing that yesterday was her birthday, planned a surprise dinner for her. It is always easy to plan a surprise but not always so easy to carry it out. However, the venture was entirely successful in this case, the ladies enlisting Mr. Mitchell in the plan. He accompanied his wife to her mother's home for a visit of an hour or two and while they were absent from their home, the ladies gathered at the Mitchell home and prepared a sumptuous dinner. When the Mitchells arrived at their home, they found it dark, but when the lights were turned on, a merry company of people was disclosed. Mrs. Mitchell acknowledged that she was completely surprised as well as delighted.

The feature of the prettily appointed table was a centerpiece of pink cosmos, the October flower. Another conspicuous adornment was a handsome birthday cake. The children of the party shared in the gaiety of the occasion, being seated at a small table adjoining that of their elders. Little Miss Veda Mitchell presided at the juvenile table, doing the honors for Loren Cannon, whose natal day fell on this date. There was a regulation birthday cake at this table with seven candles.

Following the dinner, Mrs. Mitchell was presented with two popular books of the day as a slight souvenir of the affection of her friends.

The evening was passed in music and conversation. The invited list besides Mr. and Mrs. Charles Mitchell, included Mr. and Mrs. Fred Chapman, Mr. and Mrs. Frank Cannon, Mr. and Mrs. Will Lowman, Mr. and Mrs. Harry Lash, Mr. and Mrs. Blanchard, Mr. and Mrs. J. D. Fritz.

The juvenile portion of the company comprised little Miss Veda Mitchell, Masters Harold and Clifford Blanchard, Robert Chapman, Loren Cannon and Warren Lowman.

W. R. C. Meeting

The W. R. C. held its usual business meeting at the hall on last Thursday. Two applications for membership and one transfer were received. The member on transfer is Harriet Jones, coming from Godfrey Corps, Los Angeles. Mrs. Beatrice Hossler and Annie Coleman were initiated into the corps.

Forty-three members were present at Thursday's meeting, who greatly enjoyed meeting with those who had been absent for part of the summer. On Friday, Oct. 10, the usual monthly tea and program will be given at the hall. Another social event will be carried through two days, as on Oct. 11 and 12 the ladies of the corps are invited to be present at the hall in the afternoons to complete a quilt.

Successful Social

The Home department of the First W. R. C. Church held its quarterly social in the form of a picnic dinner at Birch park yesterday. There were probably fifty people present and a pleasant afternoon was enjoyed.

Following the noon picnic dinner a surprise awaited the company. One of the members of the department, Mrs. Holden, was celebrating her birthday yesterday, and her daughter presented her with a generous sized birthday cake which was cut and all present. Mrs. Holden, who was one of the most popular of people, made a nice little talk of appreciation. Various games were played during the afternoon, and everybody who was fortunate enough to be one of the party had a happy time in the lovely park.

Picnicked in Park

About twenty-five members and friends of the Amphion Circle of the First Presbyterian Church had a most enjoyable afternoon at Birch Park on Thursday afternoon. After most of the ladies had arrived a progressive grand march was started on the pretty park grounds, then a short business meeting was held in which plans were discussed for a Christmas Shop to be held in December.

Perhaps the most delightful part of the afternoon was the delicious surprise picnic lunch which everyone enjoyed and following which all left in the best of humor, and ready to start the year's work with enthusiasm.

A Dollar Social

The dollar social given annually by the Ladies Aid Society of the First Presbyterian Church was held yesterday afternoon at the home of Mrs. W. A. Zimmerman. It proved to be one of the very best of these affairs ever held. About seventy ladies were present and \$70 was turned into the treasury.

Each of 70 ladies had contributed \$1 to this fund and the pleasant duty of each one of these ladies yesterday afternoon was to tell the story of how she earned the dollar. The narratives were amusing and interesting. They were told cleverly, some in rhyme and some by illustration. Divers were the methods by which

PENCIL STRIPES

The real "novelty" in men's and young men's suits for this fall.

As usual—we show a representative assortment.

\$20, \$25, \$30.

Vandermast & Son
Always Reliable

these ladies earned the cash they had pledged. Some earned it by self-denial, some by economy, some pitting apricots and so on through a long list of ways and means.

An elaborate and delicious two-course luncheon was served in celebration of the increase in the treasury. Mrs. J. H. Rankin, chairman of the refreshment committee, aided by her committee, achieving most satisfactory results in the way of culinary delicacies.

Mrs. E. L. Morrison, president of the Ladies Aid Society, complimented the ladies on their success and on the increase in membership to 100, the goal set for the year. She hoped that the membership might be increased to 150 before the new year.

Luncheon at Taylor's

Mrs. Mary Emerson of Riverline avenue yesterday entertained three of her friends at a pretty noon luncheon at Taylor's. The repast was served in four courses.

Following the luncheon the ladies repaired to the home of Mrs. Emerson, where music and conversation passed the hours. Those at the luncheon besides the hostess were Mrs. Katherine Fisher, Mrs. George Magill, Mrs. J. A. Lash.

Personals

F. L. Austin was a business visitor to Los Angeles today.

Miss Helen Austin spent today in Pasadena, where she was a guest at a luncheon given by one of her friends in the Crown City. Miss Austin was a house guest of her hostess, remaining over night.

Martin Warren went to Anaheim this morning to attend the County Christian Endeavor convention being held at that place.

Mr. and Mrs. Archie Vincent of Covina are visiting at the home of Mr. and Mrs. D. W. McDannald, 510 East Second street. Mrs. Vincent is the daughter of Mr. and Mrs. McDannald.

A cablegram from Dr. H. M. Robertson, who, with his daughter Louise, has been abroad for some weeks, states that they will sail on the Athenia this morning and will reach Montreal probably the last of next week. The doctor is expected to reach here on or before Oct. 19.

Glenn Martin came down from Los Angeles today and will be here over Sunday.

Stop at Taylor's for your Sunday breakfast. We are serving our regular breakfast every morning, including the very best Waffles and coffee. 218 W. Fourth.

RECENT ADDITIONS ARE ON EXHIBITION

Flowers and produce for advertising the resources of Santa Ana and Orange county received from residents help the free exhibit in the Santa Ana Chamber of Commerce. Recent contributions are: From F. T. Smith, from Santa Fe Gardens, large bouquet of roses. J. H. Gulick, 1702 Spurgeon street, returning from a trip to Kansas, remembered the Chamber of Commerce with a half dozen fine Paw-paws. J. B. Ramsey, West Seventeenth street, a basket of Mammoth Bush Lima Beans, which were sent to the Orange County exhibit in the Los Angeles Chamber of Commerce. F. T. Smith, handsome bouquets of roses and Dahlias. R. C. Patton, a cluster of green oranges from his Tustin ranch. D. Brown, corner of Fairview and Bristol streets, a 100-pound watermelon-citron, a cross between the watermelon and citron or pie melon. Mr. Brown says this is the best kind of stock feed, and especially valuable for milk cows.

A GENTLE AND EFFECTIVE LAXATIVE
A mild, gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. King's New Life Pills. Hugh Tallman, of San Antonio, Tex., writes: "They are beyond question the best pills my wife and I have ever taken." They never cause pain. Price 25c at druggists, or by mail, H. E. Bucken & Co., Philadelphia or St. Louis.

Stop at Taylor's for your Sunday breakfast. We are serving our regular breakfast every morning, including the very best Waffles and coffee. 218 W. Fourth.

—Dr. Claycomb cures chronic.

UNFAVORABLE TO JUDGE HUMPHREYS

Municipal League Has Ordered
Investigation of Judge
Humphrey's Actions

SEATTLE, Oct. 4.—When the Municipal League, the organization of Seattle business men, met today it was expected that the actions of Superior Judge John Humphreys would be considered. An investigation was ordered and a number of members freely expressed themselves of the opinion that Judge Humphreys should be forced from the bench.

A movement is afoot to release all the Socialists sentenced by Judge Humphreys for contempt because of criticisms of some of his decisions.

NOTICE BY CITY TAX COLLECTOR

Of Payment and Delinquency of City Taxes

AMUSEMENTS

The Traffic

"The Traffic," by Rachael Marshall and Oliver D. Bailey will be seen at the Grand Opera House on Sunday, Oct. 5, and is said to be the most astonishing dramatic proposition projected in ten years. An unusual play by an unusual woman, a splendid company of capable actors and a stage investiture which is notable for accuracy and completeness, are some of the promises made for the production. Rachael Marshall, the young author of this new play, is a descendant of Chief Justice Marshall, a colleague and follower of Jane Addams of Hull House, a writer of many successful short stories, sketches and essays and a woman of intense sincerity and indomitable energy in the cause of her sex. "The Traffic," which caused such a sensation in Seattle, San Francisco, and Los Angeles, deals with so-called white slavery, but approaches the topic from an industrial rather than from a strictly ethical standpoint. The situations and dialogues are said to abound in trenchant wit, wholesome humor, genuine pathos and shrewdly practical philosophy. Florence Bell, the beautiful young emotional actress, is making a great and new fame for herself as Agnes Burton, the "white slave" of the story. The enthusiasm with which it was received in Seattle, San Francisco and Los Angeles, obliged the producers to extend their engagement for a number of weeks in each city. Mr. Walter Newman has provided a superb company for this attraction.

"Ready Money"

In these days of high and swift living, the bondage of fashion, business ambition, and the love of power and wealth, it is an open question whether women love money more than men do. While "Ready Money," the comedy of love, romance and thrills, which will be presented at the Grand Opera House Tuesday, Oct. 7, under the direction of William A. Brady, Ltd., is based mainly on the love sentiment between a poor young man and a rich young girl, who become engaged much against the wishes of the money-mad mother of the girl, money and the strange ways of manipulating it, and the lack of money and the odd ways of making even shrewd people think you have money, provide many a highly amusing scene, involving hilariously funny situations, which follow each other in quick succession throughout the entire play. In fact there is a genuine surprise every few minutes as the development of the comedy takes a new turn in events. What pleases the feminine portion of the audience, however, is the love of the rich daughter for the poor young man, who has invested his all in a gold mine and whose prospects on New Year's eve are, to say the least, gloomy. Through thick and thin, and against all parental opposition, she sticks to him. It is the business of the comedy to make great fun of the young man's plight, even to the extent of having him down to his last quarter of a dollar in actual cash, the possessor of a twenty \$1.00 counterfeit bills and the owner of a gold mine in which gold has not yet been "struck" when the comedy begins.

THE FAMILY COUGH MEDICINE
In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Still, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 25c bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Price 50c and \$1.00. All druggists. H. E. Bucken & Co., Philadelphia or St. Louis.

INDIAN WOMAN WIFE OF COWBOY

It is believed here that the Indian woman who has been seeking employment at San Diego, representing herself to be the daughter of Sitting Bull, is the wife of R. J. Keith, a moving picture cowboy with the Pathe company in Santiago canyon. Gen. L. W. Colby of Nebraska says that the girl is the daughter of Black Fox, an Indian supposed to have started the battle of Wounded Knee. After the battle Colby found the baby tied to the back of her dead mother, and raised her as a foster daughter. He has offered to provide for her.

A Potpourri of News and Views

From the Los Angeles Financial Review

Pipe Line Controversy

Two representatives of the factions engaged in the pipe line controversy in California which is being presented in the courts and before the Railroad Commission have given public expression of their views on the matter. A. L. Weil, who is attorney for the General Petroleum Company, and who is also an experienced oil man, in speaking of the difficulties in the way of pipe line companies which may be forced to become, under the law, common carriers, said:

"Should the Railroad Commission enforce the common-carrier law, the difficulties following such an enforcement would be almost insuperable. In this state there is produced a vast amount of fuel oil of 14 gravity and under. Under the General Petroleum's present plan of transportation, this oil is mixed in the pumping station with oil of higher gravities, with the result that all the oil pumped through our lines is of approximately the same density. It varies somewhat between 15 and 20 degrees. Such oil, by a slight warming, moves very satisfactorily.

"Suppose, however, that under the common-carrier law, a producer should offer us for transportation 10,000 barrels of 14 gravity oil. To move through our pipe line, it would have to be heated to 165 degrees temperature. Should we have been running cold oil through our lines, it would be almost impossible to maintain the low-gravity oil at a sufficiently high temperature to provide for its easy passage.

"This is not, however, the only difficulty. Should a second producer appear with a like amount of 26 gravity oil and demand that his petroleum be shipped to Los Angeles, we should be compelled to carry it. The low-gravity oil, running through our pipe line for a day, would have heated the pipe above the flash point of the light oil, and we should be compelled to either let the line lie idle until it cooled or take the risk of an explosion.

"And what benefits would the independent producer receive? The great problem lies not in transportation, but in marketing. The independent producer is at just as great a disadvantage at tidewater as in the fields."

From the standpoint of Francis J. Heney who would compel all pipe lines to move oil he maintains that any number of independent refiners are ready to enter the field if prompt and cheap transportation can be assured them, but his great interest lies with the producer of heavy oil, petroleum, which in the present stage of the industry's development is gradually drifting the operator into bankruptcy.

"Can't you see," he said in an interview, "that as the Interstate Commerce Commission stated, pipe lines are the basis of the Standard monopoly. The producer is at the mercy of the purchasing company, and must accept the price offered. He has no alternative. This price is usually somewhat higher than the market price here, less the cost of transportation by steam carriage. I believe that with the rates lowered on pipe line transportation to a reasonable basis, say 19 cents from the San Joaquin valley fields to Point Richmond, the cost of oil to the consumer would not be increased, but that the producer would be able to secure nearly 30 cents a barrel more for his oil. This would make the difference between sure bankruptcy and prosperity for him.

"With cheap transportation the present companies would still do the bulk of the purchasing. I regard the law more as a prevention from oppression rather than a direct means in creating new markets for the small producer. Should the price offered not be suitable, he can demand that his oil be shipped to this port, where the yearly consumption of oil for fuel purposes is 8,000,000 barrels. The transportation facilities can be used as a club, and the large corporations prevented from gobbling up the small operators.

"The demand for fuel oil is bound to increase most rapidly in the next few years. With cheap labor coming through the canal, cheap fuel in our petroleum, and raw products as cheap as those which New England secures, why should not this Coast become a great manufacturing center? This will mean that the small producer will be able to secure a ready market for all the fuel oil he holds, should he desire to sell direct to the consumer."

Attacks Railway Rates

Alleging many things in connection with the service and demanding lower rates, a complaint has been filed with the State Railroad Commission by the Los Angeles Rate Association against the Pacific Electric Railway Company, the Los Angeles Interurban Railway Company, the Los Angeles and Redondo Railway Company, the Riverside and Arlington Railway Company, and the Los Angeles Pacific Railway Company.

To Purchase School Bonds

In January of the current year voters of Long Beach approved a bond issue for school purposes of \$140,000. They were offered for sale in March last but no bids were received. Later the State Board of Control offered to purchase \$30,000. The county supervisors have now come to the rescue and will take the remaining \$110,000. The attorney general now has the bonds and will pass upon their validity.

Big Deal in Prunes

By far the largest single deal of its kind on the Coast in many seasons was the sale closed in San Jose this week of 1200 tons of prunes by the Mineral King Fruit Company to the J. K. Armsby Company. The sale was made on a basis of five cents, and approximately \$135,000 is involved in the deal. J. H. Henry and J. W. Macaulay compose the company, and have 300 acres of prunes.

Would Issue Bonds

Application has been made to the State Railroad Commission by the Pacific Light and Power Company whose headquarters are in Los Angeles for authority to issue \$52,300 in stock to replace a previous issue of stock, and to issue \$1,730,000 in bonds. Of these bonds \$497,000 are to be used to refund underlying bonds, and the balance will be used in connection with the company's hydro-electric projects.

Demand Lower Gas Rate

The city of Ontario has filed a complaint against the Ontario-Upland Gas Company, asking that the Commission direct the company to reduce its rates. The company now charges \$1.50 per 1000 cubic feet for gas. The city of Ontario, in July of this year, transferred the jurisdiction over its utilities to the Railroad Commission.

How Legislative Mills Grind

Since the beginning of 1913, the number of bills introduced in the various state legislatures of this country to regulate railway operation aggregates 1295, of which 239 were passed. In 1911, there were 512 of such bills introduced, but no record was kept of the number actually passed. Last year, 272 railway regulation bills were introduced, of which 48 were passed.

Dividends of Mining Companies

Dividend disbursements by mining companies continue to grow and in the present year these disbursements have been the largest in the history of the mining industry. The Mining and Engineering World has made a compilation of 144 mines and ore treatment works showing that during the eight months of the current year ended August 31 they paid in dividends the sum of \$67,211,409. Of these companies six are in California. During August these six companies distributed dividends as follows:

Company	Per Share	Amount Paid
Bunker Hill Con.	.023	\$ 5,000.00
Premont Con.	.02	295,000.00
Hazel	.01	5,000.00
Tom Reed	.06	51,000.00
Yellow Aster	.05	5,000.00
Yosemite Development	.10	2,400.00

Since organization, these 144 concerns have distributed dividends of \$883,488,572, or \$92,828,748 in excess of their combined issued capitalization of \$790,659,824. Of these companies no less than 65, or nearly one-half, have paid dividends in excess of their capitalization. Here are the figures which detail this wonderful dividend story:

Company	Capital	Disbursements
Cubana & Hecla	\$2,500,000	\$121,565,000
United Verde	3,000,000	32,347,000
Quincy	2,500,000	20,732,500
Oceola	2,403,750	11,987,280
Arizona	3,000,000	18,329,657
Bunker Hill and Sullivan	3,250,000	14,445,950
Honestake	21,800,000	31,405,416
Tombah	1,000,000	10,850,000
Nipissing	6,000,000	10,410,000
Crown Reserve	1,900,000	5,371,891
Temiscaming	7,761	1,917,967
Don Estrella	300,000	14,905,000
Esperanza	2,250,000	12,701,750
Santa Maria	120,000	5,606,000
El Oro, Mexico	900,000	2,571,425

Of the \$67,211,409 declared in dividends this year, continues the Mining and Engineering World, 34 copper properties (all but three in the United States) contributed \$32,911,393. Since their incorporation these copper properties returned profits in the shape of dividends of \$416,747,019 on an issued capitalization of \$264,958,291.

One hundred and four gold, silver, lead and zinc properties declared dividends this year amounting to \$25,686,858, making a total of \$326,229,023 on an outstanding capital of \$279,594,433.

Six metallurgical works have paid dividends so far in 1913 totaling \$8,613,248 and to date have a total to their credit of \$149,512,539 on an issued capital of \$246,107,100.

Great as may seem the dividends distributed by metal mines, as above, they do not include the large sums paid by such corporations as the Amalgamated Copper Co., the American Securities Corporation, Copper Range Con., Phelps, Dodge & Co., the Guggenheims, and several others, whose revenue is derived largely from share holdings in mines and works which are being operated by regularly organized companies. During the eight months this year ten of these securities-holding corporations have declared dividends of \$16,608,731, making a total of \$174,423,788 since organization on an issued capitalization of \$378,010,825. If it were possible to compile in addition to the above, the enormous profits that are periodically distributed by the many private and close corporations which are directly interested in the mineral industry, the fact would be emphasized that fabulous wealth is being created by American mines and metallurgical works.

Government Newspaper

The first number of the Agricultural Outlook was issued yesterday by the Department of Agriculture for the benefit of the farmers. The intention is to issue the paper as occasion demands—always forty-eight hours after crop reports are received. The initial number contains a special article on crop weather reporting by Chief Marvin of the Weather Bureau, a special article by Professor Corbett on the potato crop outlook and another article on the apple crop prospects. Each issue will contain similar articles on various popular agricultural topics by experts in the department.

Lost Little By Freeze

Citrus fruit growers of California for the crop grown during the year ending August 31, received \$13,500,000 or an average return of 32.75 cents for every box shipped. The total shipments were 12,443 carloads of fruit, 5,000,000 boxes. This passed through the California Fruit Growers Exchange and represented 61 1/2 per cent of the total citrus fruit shipments of the state during the period named.

All Steel Car Measure

Prevention of such disastrous wrecks as that which recently occurred on the New York, New Haven and Hartford railroad is sought in a bill introduced by Senator O'Gorman in the U. S. Senate. It forbids the further purchase of wooden equipment and makes mandatory the usage of steel cars for all purposes by January 1, 1918. Heavy penalties are provided for failure to obey the law, if enacted.

Seven Million Note Issue

Stockholders of the Pacific Gas & Electric Company have authorized an issue of one year 6 per cent notes to the amount of \$7,000,000. Of this issue \$4,500,000 has already been sold, the remainder \$2,500,000 will be held in reserve. The money is being used in bettering the system.

Railway Safety Device

Congressman Esch of Wisconsin would have all railroads install automatic train stop signals and to that end has introduced a measure in the House authorizing the Interstate Commerce Commission to compel interstate railroads to put in the device.

Bank Deposits Decrease

Individual deposits in national banks of the United States decreased \$190,000,000 between June 4 and August 9 and loans and discounts increased \$29,000,000, according to preliminary figures of the last call by the Comptroller of the Currency.

Postal Savings Deposits

Deposits in the Postal Savings Bank in Bakersfield average above \$200 per day. The number of accounts in 1093 and the amount deposited is \$77,213. Deposits daily exceed the withdrawals.

Bond For Sewer System

Trustees of Huntington Beach are considering the question of submitting to the voters of the town a proposition to vote \$50,000 bonds for a sewer system.

THE MARKETS

Average. Rooster, F. P. Hall, S. S., Orange \$5.85
Searchlight, S. S., Orange 4.70

Los Angeles Produce Market
Exposure to the air has seriously affected the Florida avocado. This fruit has failed to have the same keeping power as the Mexican or California fruit and consequently is proving a losing proposition for the importers. The price on the good stock holds at \$6 per dozen. Pomegranates are worth \$2.25 a box and several shipments from various places in the north were received. There was no change in the price of grapes. Black Morocco continued the finest variety on the market in the blue grape line and sold up to \$1.50.

On the market of staples there were no changes. Only 116 cases of eggs were received and these sold at the top quotation. There was a good demand for storage stock and free movement of these eggs. Butter receipts were light, only 15,560 pounds, but the market continued at 34 cents. Cheese was in fair demand. The best sellers were eastern varieties. Receipts were 545 pounds.

Potatoes were slightly off in quotations and some of the big dealers shaded their prices in order to move stock and save demurrage. Receipts of the day were 4599 sacks. The onion market was unchanged and Australian browns were a trifle more plentiful than yellow Danvers. Quotations were unchanged. Receipts were 1805 sacks.

Cauliflower was in fair call on the vegetable list and is selling at \$1 per dozen. Celery of excellent quality held at \$2.25 per crate and lettuce averaged about 90 cents a dozen. Beets were held at 40 cents and mark the only scarce product in the bunch list.

Victor Oil Co.
Location of principal place of business, Santa Ana, Cal. Location of property, Kern county, Cal.

Assessment No. 3

Notice is hereby given that at a meeting of the directors held on the 23rd day of September, 1913, an assessment of 25 cents per share was levied upon the subscribed capital stock of the corporation. The undersigned, to the directors of the corporation at its offices at 417-429 Higgins Bldg., Los Angeles, California. Any stock upon which this assessment remains unpaid on the 28th day of October, 1913, will be deemed and advertised for sale at public auction, and unless payment is made before, will be sold on the 18th day of November, 1913, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

By order of the Board of Directors,
D. G. WHITEHEAD, Secretary,
417-429 Higgins Bldg., Los Angeles, Cal.

NOTICE OF SALE OF REAL PROPERTY

AT PRIVATE SALE

In the Superior Court of the State of California in and for the County of Orange.

In the Matter of the Estate of Will C. Crawford, deceased.

Notice is hereby given, that in pursuance of an order of the Superior Court of the State of California, in and for the County of Orange, made on the 17th day of February, 1913, in the matter of the estate of Will C. Crawford, deceased, the undersigned executor of the said estate will sell at public auction, to the highest bidder, all the real property, together with all the right, title and estate of the said Will C. Crawford, deceased, at the time of his death, in and to the following described real property, or any part or parcel thereof, and all the right, title and interest that the said deceased has, by operation of law or otherwise acquired, other than or in addition to that of said deceased, in and to the following described real property, or any part or parcel thereof, situated in the County of Orange, State of California, described as follows:

The South 29.32 acres, more or less, of lot "D" of "Bush and Watson Tract" in the Rancho Santiago de Santa Ana, Orange County, California, according to map of survey by Knox and Rumble in 1871, excepting therefrom the twenty acre road on the north side thereof, together with water rights appurtenant to said land and evidenced by certificate No. 3253 for 40 shares of the capital stock of the Santa Ana Valley Irrigation Company.

FELL TO DEATH FROM AN OIL DERRICK

Norwalk Man Lost Footing and Went to Earth 106 Feet Below

Charles H. Weaver was killed on the Calokla Oil Co. lease between Placencia and Olinda yesterday afternoon about 4:30 o'clock. Weaver fell a distance of 106 feet, and was killed instantly.

The Calokla is an Oklahoma company, just beginning work in the Orange county fields. The first derrick was up and workmen were placing the capping.

Weaver climbed to the top of the derrick once, and was going up again. Just as he reached over to get a hand-hold on the topmost platform, he missed his footing and went over backward. Part way down he struck a guy wire and his body whirled downward to the ground. His skull, neck and one arm were broken.

Weaver was 27 years old and lived at Norwalk with his parents, Mr. and Mrs. James Weaver. He will be buried at Norwalk. Coroner Winbiger held the inquest this morning.

IN THE JUSTICE COURT

NO-FUND CHECK GETS MEREDITH IN JAIL

Mexican Arrested After Trying to Sell Bicycle Stolen by Him

W. R. Meredith, who recently sold out his poolroom at Garden Grove, was brought down yesterday from Los Angeles by Constable Clark on a charge of giving a no-fund check to the Santa Ana Wholesale Grocery Co. on Sept. 25. The check was on the Bank of Garden Grove. W. W. Simon, credit man for the wholesale company, swore to the complaint. Meredith's preliminary is set for Oct. 10.

Scared Man Runs

Yesterday Miss Blanche Crothers, a telephone operator, saw a Mexican riding away on what she thought was her bicycle. Investigation showed her bicycle gone. About the time the matter was reported to the police, Clarence Boone, who lives at the corner of Washington and Ross, brought the bicycle to headquarters. He said a Mexican tried to sell the wheel to him, and when he questioned the hunch that dark-complexioned fellow ran. Boone and Officer Lacy got into a machine, and found the Mexican, who gave his name as Marcedonio Hernandez. Last night he admitted the theft. Today he denied it, and Justice Cox set his trial for Oct. 7.
